2. FOUR YEAR UNDER GRADUATE PROGRAMME (BA, B.Sc. And B.Com. As Per FYUGP) STRUCTURES AS PER NEP 2020 UNDER GAUHATI UNIVERSITY

The FYUGP at GU is designed to offer two types of Bachelor’s Degrees to the students at the end of the successful completion of the programme–(i) Bachelor’s Degree in a Stream and (ii) Bachelor’s Degree in a Discipline. The word stream here refers to Arts, Science, Commerce, and Management. In case of a degree in a stream, the student studies a multitude of different subjects, usually mixing different disciplines, which leads to a truly multidisciplinary degree. While in case of a degree in a discipline, the student is confined to a certain set of disciplines. However, in both cases, the student studies equal number of courses (i.e. papers)– so there is no weightage of any kind to either of the two types of degrees. For both the types of degree programmes, course-wise, the whole FYUGP is divided into two parts — (i) Core Courses and (ii) Common Courses. The minimum credit allocation for a 3-year programme is 84 credits in Core Courses and 36 credits in Common Courses, which comes to a total of minimum 120 credits for a 3-year programme. With the fourth year, the minimum credit requirements become 160. A student can however earn up to a maximum of 132 credits in a 3-year programme and 176 by the fourth year.
